

Dear Neighbor,

It is nice to know that as you sleep each night, you can rest assured knowing that EMTs and Firefighters from your local Volunteer Fire Department are standing guard. We are here around the clock, always ready to spring into action to help you and your neighbors, should disaster strike.

Now we need to ask for your continuing financial support. Calls for help and costs are up, donations and grants are down, and we have thousands more to pay on our newest fire truck. We receive little federal or state funding; support must come from you, the good folks whom we protect.

First Responders are always there for you, no matter how tough the job. Now we are asking you to be our strong continuing supporter, to help us help you.

We at West Roane VFD need you to be our active, continuing partner, and we thank you for the chance to keep serving our community.

--Chief Charlie Redwine, WRCVFD
