

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

**SPECIAL REQUEST: Help Get a FEMA Pumper Truck Grant - Pledge NOW**

Dear Neighbor & Generous Past Supporter,

Our community is growing and too often our firefighters are short of equipment. We have a chance to get a \$200,000 FEMA grant for a much-needed new PUMPER TRUCK, but must act fast since the grant application is due in early April. Also, federal funding may be drying up so this is our best chance at getting a pumper.

Our grant application will be much more attractive to FEMA if it includes a list of corporate and organizational pledges.

(Individual pledges are good too!) This is why we are sending this plea. Community support is an important factor in procuring this grant.

If you or an organization you know could possibly make an immediate special "pumper pledge," it would be most appreciated. We thank you for the chance to keep serving our community.
